## FAQs

### Can we enter multiple teams?

Absolutely! Many big corporations will have multiple teams competing against each other from a variety of departments - see how Finance stacks up against Marketing when it comes to trivia knowledge! Each team fee provides a MAIN EVENT for the entire company or department - whatever works best for your organization!

### Can we challenge another company?

Yes! Please do encourage other corporations in your industry to compete against your team for bragging rights!

### Can you tell me more about the trivia?

We will be asking some fun and interesting trivia questions to test your general knowledge. Expect some classic categories like Geography, Entertainment, Science and History, as well as perhaps questions about Netflix Binging, Current Events, Politics, Sports and the Kardashians. Who knows?

### What do I need to play?

We will use a special trivia app for quick and accurate gameplay. Our professional hosts will guide you through this straight forward process.

Each participant must have access to the internet and at least one device preferably two if possible (ie. phone and computer), in order to be on video call and trivia app.

### How does scoring work?

We will track both your individual score and your overall team score. So, you'll know exactly how you and your team stacks up.

Each round, your team will go head to head against one other company. The winning company advances to the next round.

### Which charity should we play for?

Many organizations have a partner charity - what a great way to help them out while providing a fun event for your own team to connect, laugh and play together.

If you don't have a charity you regularly support, there are many great causes needing support now more than ever. Reach out to us and we can partner you up with a charity in need.
